  Venus Sai Niketan High School
  CGPA:8.7/10.0.

PROJECTS:

Academic Project: Cross Cloud Data Migration

Description: Cross-cloud data migration is one of the prevailing challenges faced by mobile users, which is an essential process when users change their mobile phones to a different provider. It is often very difficult for users to backup all data from the original cloud servers to their mobile phones in order to further upload the downloaded data to the new cloud provider. To solve this problem, the proposed scheme helps to develop trust between different cloud providers and lays a foundation for the realization of cross-cloud data migration.

SKILLS:

- Familiar with Microsoft Office Suite (Word, PowerPoint, Excel).
- Proficient in computer fundamentals, including hardware and software components.
- Strong organizational skills, particularly in managing files, records, and processing documentation efficiently.
